

## Director nomination – Kevin Moss

I have played Petanque since 1995, and have held various positions across the Anglia Region since then (President, Secretary and Regional Umpire) I have also held a number of National Positions (EPA Secretary and Head of PE Resolutions).

My working career has been in Management of all levels from frontline management to senior management, from a few staff to areas of over a 1k people.

Over the last 3 months I have supported the current board and have attended a number of meetings and feel that the experiences and knowledge I have gained from both within the sport and professionally that I have a lot to offer to help move the sport forward.

Kevin Moss
