

## Profile Statement – John Edmondson

I have been playing Petanque for over 20 years and have been a member of Petanque related committees at various levels for almost all of that time.

I have a great passion for the sport and have proudly represented my region and country during my time playing and hope to continue at the same level.

I am a great supporter in giving back to the sport I love and hence am a club coach and assist with coaching juniors throughout the summer months and new and existing players throughout the year. As most of you are probably aware I am also a very active National Grade 1 Umpire.

I have been instrumental in building and establishing a dedicated petanque venue which is open to the local community and suitable to host national events.

Currently, I am Chair of the PE Events committee which is responsible for the playing calendar and running of all national events.

I feel, if given the opportunity to become a board member, I would be able to contribute a great deal in assisting with the promotion of our sport in the long term.
